Please note comments below.

I would like to know the status of planning, and completion of the acquisition of the eastside Burlington Northern Santa Fe railway right of way, from Renton through Bellevue, Kirkland, Redmond and Woodinville, Malibu, Cathcart to terminus at Snohomish on the east side.

1. Is there a schedule (approximately) of when transportation related proposals for suitable segments might be considered?
  2. Also: are there any sources of funding currently identified for small businesses or qualified partnership government/private partnership entities to participate in limited specific proposals?
