Exhibit	"A"
Port Commission	Special
Meeting of	Dec. 15, 2009

December 14, 2009

To: Port Commissioners

My name is Mina Amin, Program Director of the YWCA South King County Employment Services. Our organization has worked closely with Port Jobs on several community projects for many years. I am pleased to support Port Jobs in continuing their contract with the Port of Seattle.

Through our partnership with Port Jobs and a grant by the White Center Community Development Association, our organizations offer Job Interviewing and Preparation classes quarterly. These classes assist White Center, Tukwila, Burien, and Boulevard Park families to become economically sufficient by connecting them with airport employment, education, and other community resources. This year, despite the state of the current economy, we have successfully placed over 30 individuals with Airport employment because of our partnership with Port Jobs.

I am looking forward to our continuing collaboration with Port Jobs, and whole-heartedly support their program continuation in the future. You are welcome to contact me regarding our relationship with Port Jobs. Thank you for your time.

Sincerely,

Mina Amin

Program Director  
South King County Employment Services
