LED - Vote no on item LED. Any agreements need to contain worker retention. The Port works because of its workers, and the Port as a public entity has a responsibility to ^{ensure} ~~compensate~~ workers with living wages, ~~and job~~ benefits, and the job security they deserve.

are compensated

As a public entity, the Port has an obligation to do everything in its power to guard against this. ~~Her name~~ Mr. Yoshitani must choose. Indeed, to avoid future incidents of this sort, Mr. Yoshitani should be removed from ~~the~~ the CEO position.
