

Project Description Approved by Puget Sound Regional Council

Project Title:

Puget Sound Regional Clean Truck Program - Phase 2

Project Description:

This project involves efforts to reduce diesel truck emissions by the Port of Seattle. This project will replace 19 or more, older polluting drayage trucks that serve Port of Seattle marine terminals with newer model year trucks and/or EPA-certified emission reduction retrofits to render them equivalent to a 2010 model year truck. Trucks that are not retrofitted will be scrapped.
