Greengate Port Commission Special
Tune: Over There Meeting of March 10, 2015
Laurie Rostholder/Seattle Raging Grannies

We're Greengate,
Oh, but wait, (spoken)
There's a glitch,
You forgot,
You must state.
That drilling you'll enable,
With under the table,
Agreements you know we will hate.

No- ot here,
No-ot there,
We don't want
The Shell platform
Anywhere.
And your secret deals,
Make it real,
About climate cha-ange you don't care.

Arctic scene,
So pristine,
That you'll abet,
Drilling there,
Is obscene.
And to think we chose you,
But hardly know you,
With all your false words seeming green.

So we say,
This to you,
To that lease,
You must bid,
Sweet adieu.
Start by telling Fo-oss,
That we're your bo-ss,
And by Shell's big bucks we won't be screwed.
(Spoken and Repeat)
And by Shell's big bucks we won't be screwed!!
Keep it in the Ground!!
