

# Environmental Score Card

Core environmental metrics focus on the Century Agenda and will rely on the work we are currently doing in the Port's Long Range Plan. In addition there are some metrics that are not included in the Century Agenda (and therefore the Long Range Plan) that are relevant to measure.

Score: TBD

 AIR	2011	2016	2017	2018	2019	2020
Aviation Biofuels						
Low Carbon Fuel						
Diesel Particulate Matter Emissions/Reductions						
Green House Gas Emissions/Reductions						

Score: TBD

 WATER	2011	2016	2017	2018	2019	2020
Stormwater Utility						
Permitting Compliance						
Green Stormwater Infrastructure						

Score: TBD

 LAND	2011	2016	2017	2018	2019	2020
Urban-Industrial Lands Policy Strategy						
Urban-Industrial Lands Partnership Strategy						
Habitat at T117						
Habitat at T105						

Score: TBD

 RESOURCE USE	2011	2016	2017	2018	2019	2020
Recycling/ Composting						
Paper Use/Recycling						
Green fleets						
Green building guidance/standards						
Green purchasing						

Score: TBD

 ENERGY	2011	2016	2017	2018	2019	2020
Develop Baseline Energy Use						
Renewable Natural Gas from Landfills						
Solar Energy Panels						
Energy Efficiency Projects						
Tenant Assistance Program
