

Summer Education Program for Community

Seattle's Working Waterfront – Thursday, June 22

Learn about the wide range of maritime businesses that call Seattle home. From fishing boats and cargo vessels to cruise ships, explore how these water-based businesses keep our local economy afloat.

Seattle's Green and Sustainable Port – Thursday, July 20

Discover how the Port is working to improve air and water quality, restore habitat, reduce waste, and clean up historic pollution.

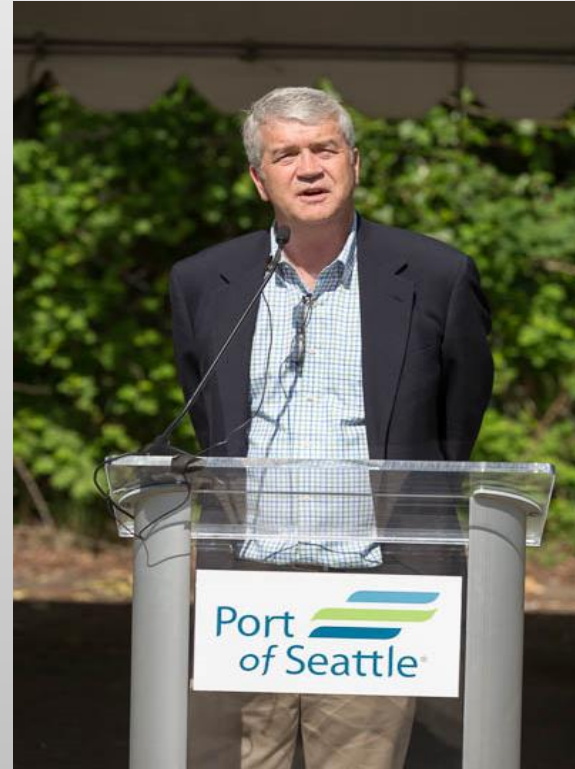

Seattle's Trade Gateway – Thursday, August 17

Explore the story of Seattle's relationships with countries around the globe in the most trade-dependent state in the nation.
