<sup>1</sup> Seattle Yellow Cab actually had 48 WATs in the Airport fleet; to ensure equality, the WAT owners chose to operate on rotations of 2 weeks in/2 weeks out of 24 vehicles. All 48 WATs were available should capacity be required. Due to demand, the WAT fleet increased from 7 in 2010 to 24 in 2016.

<sup>2</sup>The Port permits all limousines that request a pre-arranged permit that meet regulatory requirements. There is no limit.<sup>2</sup>

<sup>3</sup>An unlimited number of TNCs (Uber/Lyft et al) are allowed. 1,000 used for simplicity, based on comparison of number of monthly trips
