SUBJECT: Adopting 2024 Local, Regional and Community Engagement Policy Priorities

ACTION REQUESTED

Request Commission adoption of the 2024 local and regional government policy priorities, briefed at the January 23, 2024 Commission meeting, for staff to engage with local and regional officials and other partners in support of these priorities.

Port of Seattle government relations staff worked with Commissioners, executive team members, internal subject matter experts, and external stakeholders to develop local, regional and community engagement policy priorities and partnerships to guide Port advocacy efforts to fulfill our mission to promote economic opportunities and quality of life in the region by advancing trade, travel, commerce and job creation in an equitable, accountable and environmentally responsible manner.

Throughout 2023, staff worked to execute the 2023 regional and local policy priorities. Progress was made on many of the priorities, and current and future priorities will continue to be pursued over the next several years.

For 2024, the Local and Regional Policy Priorities are organized under the Century Agenda Goals and Objectives. The Century Agenda is the directional compass for the Port of Seattle that was introduced in 2012 and updated in 2017 and again in 2020.

These priorities are accomplished through the development of relationships with local jurisdictions and regional organizations, by both staff and elected officials, resulting in the partnerships necessary to successfully accomplish the Port's goals. Regional engagement through the Puget Sound Regional Council, the Sound Cities Association, and others are a necessity to build these relationships.
