

Topic: 76

June 23, 2009 Regular Meeting

Name: Fred Felleman		
Address: 3004 NW 93rd St		
City, State, Zip Code: Seattle, WA 98117		
Organization: Friends of the Earth	E-Mail: felleman@comcast.net	Phone: 206.753.6676

Please note comments below.

- Please explain reports of verification requirements and sources of the data and if they are publicly available. → Where an actual report is reviewed?

- Team disappointed to note the environmental issues have been appearing on the agenda

- Friends of the Earth urges the Commission to:
- 1) - have a presentation on the T-91 sludge study
 - 2) - have a presentation on the 2008 NW cruise ship MOU report

- Note princess failed to conduct a wet test as per the MOU
- what is the consequence?

- 3) - have a presentation on the status of the dredging operations at T-30/T-91 and the final cost sharing agreed to w/ King County

- 4) - what was the cause for delay in getting the cold ironing in place (at T-91) for the start of the 09 cruise season?

- 5) - The AOTS position on the dump update to the Dredge Studied
