

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

benjamin shabazz

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Jonathan Rosenblum

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Donna Gelder

Dear Commissioner Tarleton,

I wanted to send this note to make sure you heard from Washingtonians who want to keep the local flavor of our airport... I don't want you to give McDonalds the proposed 12 year lease -- there are enough McDonalds in our city already -- don't assault travelers with this nasty, non-nutritious fake food.

But more importantly I want to keep good jobs at our airport. That is why I'm sending this note and why I'm including the language sent to me on behalf of Unite Here Local 8, the union that works to support the workers in concession jobs at the airport... I do believe in all they have said below. I used to think the port commissioners, who come to labor begging for campaign money during every election cycle, believed the same.

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

Dear Commissioner Tarleton,

I travel through Sea-Tac at least twice a month. I CANNOT believe you would consider adding another junk food option to the meager food choices already present. McDonalds is the worst of the worst. Unbelievable.

I am reminded as I frequent other airports that it is possible to have local businesses, with affordable prices, run concessions at airports. This is a major step backwards for Sea-Tac, and made without thought of consumers or airport employees.

Traveling with kids in Sea-Tac is a nightmare. It's nearly impossible to find healthy food options at Sea-Tac, especially affordable. McDonalds is not doing any favors for families. Are you aware there is a juvenile obesity epidemic?

Please reconsider before making a terrible mistake.

Sincerely,

Matt Morbello

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

john welcome

Dear Commissioner Tarleton,

I know you're trying to run a business, but I believe bringing McDonald's to SeaTac Airport is not a wise business decision.

What message does this send about our community?

Please reconsider this lease.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in giving our airport a real Northwest flavor and feel.

I believe we can do better!

Sincerely,
Karen McLean

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Rik Deskin

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Wade Pennington

Dear Commissioner Tarleton,

Are you kidding?

Keep McD @ SNA where the kids have something they will eat and behave themselves. The food court at SEA is known for being one of the best at any airport. NW food is great. Keep the big corporations out on the street where they belong. Don't ruin a great thing.

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Janet Hada

Dear Commissioner Tarleton,

Recent commentators on the internet have rightly claimed that McDonalds "may be one of the most doggedly antiunion companies on earth" and "real sustainability would entail the arches going out of business." I stopped buying anything at a McDonald's over twenty years ago. I will certainly never buy anything at a McDonald's in SeaTac.

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. If you understand that many working people also use the airport as customers, and if you understand the spirit of working class solidarity, then you should also understand that as for me, my coworkers, my union colleagues, our families and our friends will not patronize a McDonald's anywhere, then your bright young managers should pull their heads out into the light and air to realize that this move is bad for business. Get real. We aren't going to accept slavery any time soon.

Auburn, WA 98001

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

tiffany mcguyer

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Dear Commissioner Tarleton,

I fly a lot out of Sea Tac. Sometimes I think I live there. But I'm very disturbed about your bringing in McDonalds. The Port receives public money--lots of it. You need to lead in creating stable family wage jobs, not undermining them. I'll be watching this vote and pledge to oppose any commissioner who votes in favor of it.

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

Dear Commissioner Tarleton,

I live in South Whidbey Island, where we have made these same decisions for sustainability and quality of life. We have no fast-food chains, as eager as they are to set up shop and endanger our local businesses - actually, we do have a Dairy Queen that has been grandfathered in, but they aren't allowed to put up a big sign. Thank goodness for small businesses! Corporations are already making an obscene profit everywhere else.

Leave SeaTac Airport alone!

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Gael Tarleton

Dear Commissioner Tarleton,

To the Port of Seattle Commission,
the Port of Seattle should support good jobs for workers . I hope that you will turn down
the contract for MacDonaldis to open a franchise at SeaTac Airport. They pay thier
workers low wages and take advantage of their immigrant status.

Sincerely,
Cindy Cole
Seattle, WA

Dear Commissioner Tarleton,

This letter is being sent to you by a community college instructor, who has been teaching in Washington for 10 years, and in Texas and New Mexico for another 18 years. I also am a journalist who has covered many issues tied to sustainability, climate change, social justice. I've been to sweat shops in Guatemala, Honduras, and Vietnam, to name just a few. I've lived on the US-Mexico border in El Paso. Some of us are your subject matter experts, at the community roots level, who you need to develop as part of your sounding board team. We bring insight, smarts and experience in this realm of living wages and support for the American worker. It is patriotic to support your people, and going for the lowest common denominator fails each time. So, here is one of thousands who pledge to give high quality education and journalism to our fellow citizens. You have the same duty, and below, you should be saying "yes" to all of the below statements of solidarity:

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Kate Hunter

Dear Commissioner Tarleton,

We have been working on improving the health of our community. SEATAC, an airport I use 2-3 times per month in my work, now has a great array of food and beverage choices. Most are pretty healthy. The worst thing we can do is to introduce truly unhealthy (proven) to this good place. Please do not have McD's at the airport.

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

john eschen

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Steve Ludwig

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Jack Stansfield

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Kathy Barnard

Dear Commissioner Tarleton,

I believe in living wage jobs at SeaTac Airport.

I believe in awarding meaningful opportunities to local small businesses. I love that the number of large multi-national non-Seattle based chains are minimized at SEATAC.

I believe in fresh and healthy food choices for the traveling public.

Please say no to McDonald's.

Sincerely,
Merf Ehman

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Mark Simpson

Gael Tarleton

Dear Commissioner Tarleton,

I believe in good family supporting jobs at SeaTac Airport.

I believe in supporting the majority immigrant workers at the airport organizing for a better future.

I believe in awarding meaningful opportunities to local small businesses, not giving away lucrative government contracts to giant multi-national corporations.

I believe in the Port of Seattle giving women and minority owned businesses an opportunity to succeed while protecting small business employees.

I believe in fair and creative competition for business opportunities, not in awarding a contract to the biggest corporation of the fast food industry without giving others the opportunity to compete. We are missing out on something much better by not allowing other businesses to submit their ideas.

I believe in fresh and healthy food choices for the traveling public, especially for families with children.

I believe in giving our airport a real Northwest flavor and feel.

I believe in reforming our food system towards more real sustainability, protecting the interests of communities dependent on the food supply chain from the farm to the table.

I believe in real foods and real good jobs, which is why I urge you to say NO to McDonalds and create the airport concessions program our community deserves. We can do better!

Sincerely,

Brian Allen
