Date of Meeting April 10, 2012

INTERLOCAL AGREEMENT TO CONVEY TITLE AND PERMANENT CUSTODY OF
ARTIFACTS BETWEEN THE BURKE MUSEUM OF NATURAL HISTORY AND
CULTURE AND THE PORT OF SEATTLE

This Interlocal Agreement (“Agreement”) is entered into this ___ day of _____, 2012, between the Port of Seattle, a municipal corporation of the state of Washington (“Port”) and the Burke Museum of Natural History and Culture (“Burke”), a museum owned and operated by the state of Washington, collectively referred to as the “Parties.”

WHEREAS, the Parties execute this Agreement pursuant to Chap. 39.34 RCW; and

WHEREAS, the Burke executes this Agreement pursuant to RCW 28B.20.130(8); and

WHEREAS, the Port executes this Agreement pursuant to Chap. 39.33 RCW; and

WHEREAS, the Port has accumulated various archaeological artifacts and specimens during decades of improving and maintaining its real properties; and

WHEREAS, the Port has the responsibility under federal law to preserve for future use these archaeological artifacts, specimens and records, listed in Attachment A and defined below (“Collection”) and has contracted with the Burke since 2004 for curatorial services for the Collection; and

WHEREAS, the Port desires to transfer title and permanent custody of the Collection to the Burke; and

WHEREAS, the Burke desires to obtain title and permanent custody of the Collection from the Port; and

WHEREAS, the Parties recognize the benefits to the public by having title to and permanent custody of the Collection transferred to the Burke; and

WHEREAS, the Museum and the Port recognize the materials in the Collection hold historical and cultural significance for the tribes of Puget Sound. In transferring permanent custody of the Collection to the Museum, the Port intends that these materials will be made available to the tribes for inspection, research and other purposes as is mutually agreeable by the tribes and the Museum.

NOW, THEREFORE, the Parties do mutual agree as follows:

1. The Burke accepts the transfer of the title to and permanent custody of the Collection described in Attachment “A” pursuant to the terms and conditions of this Agreement. The Burke has in the past received specimens and documents

from researchers who worked on the 1976/78 and 1986 projects at 45-KI-23 and reasonably assumes that additional specimens and documents are still in the possession of those researchers. This agreement includes all material associated with the 45-KI-23 excavations, whether currently at the Burke or in the possession of researchers originally employed on the projects.

2. The Port agrees to pay the Burke \$117,045 to take permanent custody and for in-perpetuity curation of the Collection described in Attachment "A" pursuant to the terms and conditions of this Agreement.
3. By execution of this Interlocal Agreement, the representative for the Port represents to the Burke Museum that he has been bestowed with the full power and authority to quit claim and convey the Collection to the Museum and relinquishes all title and claim to the Collection.
4. By execution of this Interlocal Agreement, the representative for the Port represents to the Burke that to the best of his knowledge, the Property has not been exported from its country of origin in violation of the laws of that country in effect at the time of the export, nor imported into the United States in violation of the United States laws and treaties, nor illegally collected without a permit within the United States.
5. The Burke meets the standards specified in 36 CFR, Part 79 (Curation of Federally-Owned and Administered Archaeological Collections).
6. The Port acknowledges that upon execution of this Interlocal Agreement, the Collection (both the objects being donated and any and all copyrights) irrevocably becomes the property of the Burke. The Port acknowledges that the Collection will be used for any museum purposes such as: (a) research, (b) display, (c) reproduction for any purpose including display, distribution (in any and all media now known or later developed, digital or otherwise, and including the Internet and the World Wide Web), or reproduced by the public from such media, (d) photography by the public while on display, (e) storage, (f) maintenance, (g) loans, or (h) disposal as the Burke sees fit. To the extent that the Collection is subject to or includes any material subject to copyright, or is subject to other intellectual property protection, including publicity rights, and to the extent that the Port owns, controls, and/or administers such copyright or other intellectual property rights, the Port hereby irrevocably quit claims and conveys to the Burke, and its successors and assigns, all right, title and interest in and to the Collection, including all copyrights, patents, trade secrets, and other intellectual property rights therein (including extensions and renewals thereof and the right to license and assign), throughout the world, and in perpetuity.
7. The Port acknowledges that because of limited gallery space and the policy of changing exhibitions, the Burke has not promised, and is in no way obligated, to exhibit the Collection in the museum.
