Support of Taxis and Other Minority Business Owners

Dear Seattle Port Commission,

We are writing to express our support for PSD/Yellow Cab of Seattle to continue to provide taxicab services at Seattle-Tacoma International Airport.

PSD/Yellow Cab of Seattle is the largest and longtime employer of our community members. Men and women alike, Yellow Cab of Seattle had and continues to provide easy access to employment and small business opportunities to thousands of immigrants in and around greater Puget Sound region.

On the behalf of Somalis and East African communities in general, we thank you for your leadership, and we urge you to continue to supporting minority owned small businesses in greater King County areas by renewing PSD/Yellow Cab of Seattle's contract.

Sincerely,

Saltra Farah

Director of Somali Community Services of Seattle
