Hello,

The SP Community is excited to hear that the Port owned parks will be renamed. I don't have a ton of feedback for this project other than we want to see it completed as quickly as possible. The community is looking forward to public shore and open space access at this site. We cannot wait for this park! For the future developing signage for the newly named park might be a great way to involve the community and local artists.

Thanks,
Aley Thompson
