

**COMMISSION
AGENDA MEMORANDUM**

Item No. 10a

ACTION ITEM

Date of Meeting January 12, 2021

DATE: December 8, 2020

TO: Stephen P. Metruck, Executive Director

FROM: Rudy Caluza, Director, Accounting & Financial Reporting

SUBJECT: Resolution No. 3784 – Delegation of Authority to Sell and Convey Port Personal Property for 2020 Not Exceeding a Value of \$20,000

ACTION REQUESTED

Request introduction of Resolution No. 3784: A resolution of the Port of Seattle Commission authorizing the Executive Director to sell and convey Port personal property in 2021 in accordance with RCW 53.08.090 with a value not greater than \$20,000 and repealing Resolution No. 3769, dealing with the same subject.

EXECUTIVE SUMMARY

The Port of Seattle regularly determines that personal property is no longer needed for port district purposes and prepares accordingly for its disposal. Commission authorization is required to grant the Executive Director authority to sell and convey port district personal property of \$20,000 or less in value in accordance with RCW 53.08.090.

JUSTIFICATION

Pursuant to RCW 53.08.090, the Commission may, by resolution renewed from year to year, authorize the managing official of a port district to sell and convey port district personal property of \$10,000 or less in value. RCW 53.08.090(2) requires yearly adjustment of the initial \$10,000 limit based on the governmental price index. Such adjustment results in a \$20,000 limit for 2021, \$1,000 more than in 2020. It is now the appropriate time for the Commission to renew the Executive Director's authority for the year 2021.

Surplus items that fall within the \$20,000 fair market value limit have been well utilized over the years with many having reached the end of their useful lives. The Port on average surpluses, through either sale or disposal, about \$10,000-\$30,000 in equipment, furnishings and computer/mobility devices, and about \$10,000-\$30,000 in rolling stock/vehicles, each year. Also, Chapter 39.33 RCW in part authorizes the Port to sell, transfer or exchange surplus property to the state or other local jurisdictions. As in recent previous years, Port staff has proactively reached out to jurisdictions in 2020, including the school districts where the Port transferred certain computer mobility devices. During 2020, the Seattle School District received 111 iPhones and 22 iPads, 3 Android phones, and 2 MacBook Air. Highline School District

Meeting Date: January 12, 2021

received 129 iPhones, 41 iPads, 1 Android phone, 14 Android tablets, and 3 MacBook Air. The school districts use these needed devices to open opportunities for the younger grades to educate and prepare them on the use of technology. Moreover, this donated equipment helps bridge the technology gap for lower income children especially during the pandemic.
