Item No. 8e_supp
Meeting Date: May 14, 2024
Access Control in Communication Rooms
Sharon Miick
Project Manager, AV-PMG

Background

- Updated standards for Communication Room security adopted in 2018.
- Project scope is based on a 2018 internal audit driven by Port Internal Audit department and the audit's findings.
- This project addresses communication rooms that are pre-2018 standard and brings them up to current Port standards.

2

Project Scope

- Installation of infrastructure equipment, access control devices, and surveillance equipment.
- Connection to current STIA Access Control System and surveillance system.
- Set-up and removal of barricades for securing the rooms during construction.

3
