Commissioners:

Thank you for creating the Sound  
Insulation Repair/Replace Pilot  
Program (SIRRPP). However, the  
current assessment phase has created  
unnecessary confusion and concern in  
the affected communities.

Therefore, we need you to provide a  
statement immediately, clearly saying  
the following:

All homes that previously received  
Port Packages will be eligible for  
the SIRRPP.

All those homes will be evaluated  
based on severity and longevity.

Members of Sea-Tac Noise.Info  
will be invited to help improve the  
assessment phase and insure that  
that all affected homeowner's are  
properly heard.

I live below the 3rd runway and bought  
my house before it was built and no one  
mentioned that 3rd runway was to be  
built.
